Subject: American Buddha v. City of Ashland

Dear Vickie:

Please find attached hereto the following court records:

- The Complaint
- The Draft Stipulated Order that was presented by American Buddha in settlement, which addresses your question about what the City would do if there were an intractable copyright claimant demanding relief – the City would give American Buddha 78 hours to submit a counternotification, and if the City found the counternotification insufficient, would give American Buddha another 78 hours to file a lawsuit to resolve the matter. The City runs no risks under such an arrangement.
- The Deposition transcript of Richard Holbo
- The Deposition transcript of Mike Franell
- The Deposition transcript of Joe Franell
- Excerpts from Richard Holbo's testimony that focus on the issues in the case.

If you need a quick overview of what the Digital Millennium Copyright Act is about, you can read my brief essay on the topic at <http://www.dmcawyer.com/>

Thank you for interviewing me to get the plaintiff's side of the case.

Chas :)
